## WHAT WILL GEN. BLACK DO?

Illinois Fight May Prevent His Becoming Head of Pension Office.

**REPUBLICAN SPECIAL.**  
Washington, Nov. 26.—Will General John C. Black, now chairman of the Civil Service Commission, go back to his old post at the head of the Pension Office? The political groups say to-day that he will not

and that Senator Culom is to lift the head which settles the business. General Black is a citizen of Illinois and would be charged to that State if appointed. Under the unwritten rule of senatorial courtesy, therefore, Messrs. Culom and Hopkins would have to vouch for him to their brethren in the upper chamber. This, according to report, Mr. Culom does not care to do, because General Black in the days of the great heat of party warfare in Illinois, was accused of the authorship of a campaign book in which were many things Mr. Culom regretted. The current story goes further and says

that if General Black remains in his present position, Mr. Davenport, who is understood to have been selected for the interim appointment as Commissioner of Pensions after Mr. Ware retires, will be the permanent Commissioner.

N. D. Laughlin has resigned from the management of the Missouri Athletic Club and has purchased the popular Schrap's Restaurant at Seventh and Locust streets, where, under the name of the Laughlin Catering Company, excellent service and popular prices will be maintained. Hungarian orchestra every evening.

## LAND WILL COST \$350,000.

Government Appraisal Completed at Sulphur Springs.

**REPUBLICAN SPECIAL.**  
Washington, Nov. 26.—The enlargement of the Government reservation at Sulphur Springs, I. T., by the addition of 100 acres of land, as provided at the last session of Congress, will cost Uncle Sam more than \$300,000. At least, this figure repre-

sents the Churchill appraisal of the property. It does not include the Bland Hotel property, which has been ordered re-appraised by Secretary Hitchcock.

This hotel property is the only single appraisal of Agent Churchill not approved by the Secretary of the Interior. Including this property, the new addition to the reservation will cost the Government in the neighborhood of \$500,000.

When the purchase of the additional land is consummated the Sulphur Springs reservation will cover an area of some 20,000 acres. It already is regarded as a rival of the famous Hot Springs reservation in Arkansas.

Mr. Churchill has been designated by Secretary Hitchcock to make the disbursements as soon as the papers are approved by the Treasury Department.

**CENSOR REMOVES THE BAN FROM LEON XANROF'S PLAY.**  
SPECIAL BY CABLE TO THE ST. LOUIS REPUBLIC AND THE NEW YORK HERALD.  
Paris, Nov. 26.—(Copyright, 1904.)—M. Leon Xanrof's play, "L'Etrenne," after

many years' delay, is to appear at last on the stage of a Paris theater. The play has been placed under the ban by the French censor, because the principal characters had to appear in French and German uniforms. It was feared this would lead to demonstrations inimical to international friendship.

Since the successful appearance of a "discipline" at the Theatre Antoine, in which German uniforms figure so largely without having led to similar demonstrations, the censor has changed his mind with regard to
